

I really enjoy XM Satellite radio. It is a wonderful alternative to the other stations available to me. I pay for satellite programming and I should be able to tune in as I wish. I urge the FCC to reject the NAB's petition 04-160. I further urge that the FCC support XM's ability to provide the kind of programming that I demand and deserve. I despise the chokehold and monopoly that Clear Channel has in the radio broadcast industry. XM deserves a chance to succeed.  
Reject this latest effort for the NAB to continue their control of the industry.
